Real Estate Tax Grievance Opportunity May 1 - May 20, 2014

The annual property tax grievance day in Suffolk County is May 20. Protests must be filed between May 1 and May 20, 2014.

The grievance period is your only opportunity to review the basis for your real estate taxes for the next tax year (2014 – 2015).

If you think your taxes are too high or inconsistent with the rental value of your commercial property, you should file to protect your rights.

Farrell Fritz represents many commercial, industrial and residential property owners -- or tenants who pay the taxes -- throughout the town of Smithtown and Suffolk County.
